CEO WELCOME SPEECH

- HOW TO REDUCE THE COST OF TRANSPORTATION?
- HOW TO REDUCE THE CARGO SHIPMENT PERIOD AND PROTECT ITS STORAGE GUARANTEES?

ZAMMLER UKRAINE LLC was established 13 years ago in order to solve these problems, that in our opinion constitute more than just logistic problems.

We became the first Ukrainian 3PL-operator that provides full complex of logistic services.

ZAMMLER is a Ukrainian company that successfully works in the world market.

We are developing the economy of Ukraine and international trade, improving the quality and level of the Ukrainian logistics. We have learned to be stable under economic turbulence and flexible to customer needs. Despite all the economic and political challenges, Ukraine is an export-oriented country. International trade is developing rapidly and requires coordinated logistics processes.

Outsourcing to the 3PL provider opens the door to all the benefits of a fully functional logistics operation.

We are looking forward to cooperate with you.

YOURS RESPECTFULLY,
CEO ZAMMLER UKRAINE LLC
and CEO ZAMMLER SKLAD LLC
VIKTOR SHEVCHENKO

Our client and partner

DEVELOPMENT STRATEGY OF ZAMMLER GROUP COMPANIES FOR 2020-2021

TRANSPORT

- UA own fleet of trucks extension up to 35 vehicles.
- Increasing of the truck fleet in Poland (100 + trucks).
- Strengthening the direction of railway transportation through Odesa (using the advantages of a warehouse with a rail spur).
- TMS own software development.

WAREHOUSE LOGISTICS

- It is planned to increase the warehouse space in Ukraine up to 100,000 sqm due to the construction of our own warehouse.
- Automotization/ robotization.
- WMS upgrade.

INTERNATIONAL ACTIVITY

- Expansion of the geography of presence: Georgia and USA market research in order to establish representative offices.
- Polish and Kazakhstan Representative Offices development.

INFRASTRUCTURE

- Governmental project «БВАК» near Kyiv - new international airport and CSS logistic operator.
- Own A-class Warehouse construction near Kiev.
- HACCP certification, ISO 22000:2007.

FULFILLMENT

- Maintaining leadership positions among logistic operators in Ukraine.
- Service development in Poland.
- Increasing quality and flexibility of services, active marketing campaign.
- Implementation of Last-Mile service Delivery for Clients.

LMS (Logistics Management System)

Implementation of its own unified logistics management platform that integrates TMS, WMS, CRM, GPS tracking and security systems.
